

**Complete Broadband Solutions.**

# JSI Virtual Open House 2022

**Alaska: Anchorage, Wasilla, Palmer, and Houston**

**November 7 - December 3, 2022 | 2:00 pm - 2:00 am (EST)**

## About JSI

Over the past 60 years, JSI has successfully partnered with hundreds of communications providers across the United States, equipping them with the financial, regulatory, operational, strategic, and now engineering services and solutions that they have needed to grow and operate their businesses.

With billions of dollars of new investments every year and the critical need to extend broadband offerings across the country, the US communications space has been growing rapidly, and JSI is well-positioned to partner with our clients to help them succeed.

## Career Opportunities

Our team is interested in filling a number of positions for projects in the above-listed areas of Alaska. If you have one or more years of telecommunications experience and are proficient in Google Earth, we would enjoy speaking with you about these high-paying opportunities:

- OSP Telecom Engineer I
- OSP Telecom Engineer Foreman
- OSP Telecom Engineer II
- OSP Licensed Professional Engineer
- CAD Tech\*

\*If you have CAD design experience and drafting or civil engineering experience, we also would like to talk to you about our open CAD Tech positions. We would offer training for those positions.
